

The India-Mauritius Global Partnership Forum

India, Mauritius. Let's Talk Business

Intercontinental Hotel Mauritius
24-27 JULY 2016

Organized by the IMTCFF - India Mauritius Trade and Cultural Friendship Forum
Supported by the Government of the Republic of Mauritius
In collaboration with Business Mauritius

Introduction

For the very first time in the economic history of Mauritius, The **IMTCFF** took the initiative to organise a prime business and corporate conference involving key business and economic players of India and Mauritius.

“

Cabinet has taken note that the India-Mauritius Global Partnership Conference by the India Mauritius Trade and Cultural Friendship Forum would be held in Mauritius in July 2016. The Forum was launched in April 2015 following the visit of the Indian Prime Minister in Mauritius to further boost cooperation in the field of trade, and arts and culture between India and Mauritius.

The main objectives of the Conference will be to bring together eminent intellectuals, successful businessmen, potential investors and prominent artists of the Indian Diaspora to showcase and promote partnership opportunities in various fields of socio-economic activity. Some 300 foreign participants are expected to attend the Conference.

”

The Vision

Our vision is to create this summit as an institution that will strengthen the India-Mauritius Global Partnership by creating a new socio-economic & cultural framework based on the mutual cooperation and understanding.

We work under the guiding principle of R-M-E, which promotes and fosters strong and pragmatic partnerships. The R-M-E model advocates formation of a strong Relationship first, followed by deliberations to devise Mechanism so as to bring about effective Execution leading to social Empowerment, holistic and robust economy. Our aim is to develop a global model of this framework for India, Mauritius and the rest of the world.

The Partnership

'India-Mauritius Global Partnership' is a mutually beneficial partnership, where both India and Mauritius will work along with their global partners by putting their mutual strengths together, to serve rest of the world as a platform and let mutual national interests of both the nations, be a by-product. This theory was promoted in 2015, by the Indian Prime Minister Hon. Narendra Bhai Modi during his visit to the island and the Mauritius Prime Minister Hon. Sir Anerood Jugnauth, on the historical visit to India.

The Conference

'India-Mauritius Global Partnership Summit' is envisioned as a summit led by two great nations along with their global Partners- where policymakers, opinion leaders, business leaders, media and academicians Dream, Design, Discuss, Decide, Drive and Derive solutions to the challenges of a new socio-economic framework by creating a 'Micro Road Map for the Macro Vision' that exists in the form of India-Mauritius Global Partnership.

Message from the Honourable Prime Minister of Mauritius

It is my pleasure and privilege to address this message to all members of the India-Mauritius Trade and Cultural Friendship Forum and associate myself with the organisation of the India-Mauritius Global Partnership Conference scheduled for end of July 2016.

I strongly value this initiative to strengthen our people to people relations and to bring together in Mauritius eminent intellectuals, professionals, successful business personalities, potential investors and prominent artists of the India Diaspora to showcase and promote partnership opportunities in various fields of socio-economic activity.

It is internationally recognised that people of Indian Origin have successfully paved their way to the highest professional, economic, scientific, technological and political spheres across many countries in the world. Without any exaggeration, I would say that people of Indian Origin represents today the knowledge powerhouse of the world's developed and developing nations.

Today, Indian Knowledge Gurus are actively shaping many countries' present and future with the legendary Indian touch of excellence and sublime dedication.

Mauritius will indeed be blessed to host the conference and to welcome those knowledge gurus whose contribution can be instrumental in transforming our country into a high income economy.

I personally look forward to welcoming you in Mauritius and to launch the conference which I am sure will be a memorable event.

The Rt Hon Sir Anerood Jugnauth
GCSK, KCMG, QC
Prime Minister

Some 200 key members of the Indian business communities are converging to Mauritius for a unique high-profile business event and they will interact with key players of the Mauritius business community, as well as participants from the IOC region, and some from the African continent.
